

AutoDistribution International (ADI) represents companies from 30 countries, whose main purpose is the coordination of the connections between manufacturers and distributors of auto parts for the aftermarket. The members of ADI have the privilege to communicate to each other, exchanging information, know-how and methods for improving the effectiveness of the leading process, combining the rich variety of cultures, traditions and approaches towards the different markets and their specific features.

The vast network of ADI includes 500 distributors, 2 400 wholesalers and over 8 000 vehicles. The spare parts, distributed by the ADI network, are produced by leading European companies and meet the requirements of the European Committee for Quality Regulation, giving the ADI members the opportunity to aim at perfection of import and distribution of auto parts.

Auto Hit Ltd is a member of ADI since April, 2010. Our main purpose is to affirm Auto Hit Ltd as a leading company in the auto parts distribution in Bulgaria, benefitting from the experience and information of the other European companies.
